The Hot-Seat

A message from our Chairperson, Gary Bowerbank.

"Have you booked your place at our conference? If not, why not? It is fast approaching, final touches are being put in place and there is still a chance to grab one of the remaining seats. See [our website](#) for details.

There are also a few spaces left in our FREE Young Professionals Training Day (14th Nov), so again grab them quick.

As the clocks across Europe have gone back 1 hour, the dark nights are upon us and before we know it 2023 will be behind us! Doesn't time fly when you're having fun? Or when it seems that every new project is the top priority, and we are all in a situation with too much to do and not enough time. If only we could keep moving the clocks back, perhaps we'd find enough hours to deliver it all....probably not. I think that even if we had a 48 hour day, we would still fill up the time. What we need to do, somehow, is use the time we have more effectively. Cutting out waste, stop reinventing the wheel, and prioritise property. That prioritisation is not limited to the work tasks at hand, but also in life.

Making sure we prioritise time to relax and recharge. This will mean different things to different people. I like to get out for a short run (even in the dark evenings) to switch-off. What do you do? I'd love to hear."

GPA Europe Annual Conference 2022

Technip Energies, Paris

14 - 16 November 2022

Technip Energies will host the GPA Europe Annual Conference from 14 to 16 November 2022, providing the perfect platform for three days of high-level networking, discussion and debate.

Our Annual Conference will once again combine with our Young Professional Training Day and AGM.

We are planning some exciting activities, alongside high-quality technical presentations. We are delighted to present our 3-day outline to you:

DAY 1	DAY 2	DAY 3
Registration	Registration	Registration
Young Professional Training Day	Keynote Address	Panel Discussion
	Morning Session	Morning Session
Lunch	Lunch & Networking	Lunch & Networking
Young Professional Training Day Workshop	Afternoon Session	Afternoon Session
Welcome Drinks Reception	Exhibitor Reception Networking Drinks Reception	Annual General Meeting Conference Close

Training Session

A 3-hour Training Session on everything Sulphur hosted by Axens, BASF SE, Worley (Comprimo).

The session assumes prior knowledge of gas plant process units and principals and is aimed at experienced industry professionals (5+ years in industry).

Young Professional Training Day

Our Young Professional Day is designed for people, who have recently joined or are thinking of joining the energy industries. Delegates are anticipated to have a strong technical backgrounds or interest. The day is intended to help in understanding how your technical expertise can be applied within our industry. Our focus is on technical aspects seen in few other industries.

The day has been designed by the GPA Europe Young Professional Committee.

Keynote Address

Make sure you mark your calendar for the Opening Keynote – Nicolas AIMARD, Vice President Process Technical Line in the new TotalEnergies One Tech branch which is a new organisation supporting all industrial and R&D activities of TotalEnergies from oil and gas upstream to downstream, renewables and new energies will take the main stage..

Panel Discussion

2-hours bringing participants fascinating debate and big picture outlooks.

2022 : Gas in Europe at the hour of crisis : how our industries responds to the current challenges

This panel will question a team of very influential contributors, recognised in the Industry for their role and their knowledge in the on-going transformation of the market of gas in Europe, and also new market that could be also considered as gas, including CCUS or decarbonised gases. Even before the Ukrainian crisis, the gas industry in Europe had engaged a deep transformation, decarbonising the production, developing alternate source of energies acting in the decarbonisation of the energy supply and developing / promoting new technology solutions of the energy transition, like CCS.

Our panel includes and GPAE has the great honor to welcome:

- Nick Flinn, GM Decarbonisation Technologies, Shell Global Solutions
- Claire Weiss, Gas & Low Carbon Lead, TotalEnergies
- Christian Streicher, Gas Development Director, Axens
- Armelle Lecarpentier Chief Economist, Cedigaz

Phil Hagyard/Dominique Gadelle, VP LNG, TechnipEnergies

Annual General Meeting

On behalf of Gary Bowerbank, Chairperson of GPA Europe Ltd, we are pleased to invite our GPA Europe Members to the Annual General Meeting of GPA Europe Ltd to be held at 4pm CET/3pm GMT on Wednesday 16 November 2022, At TechnipEnergies Offices in Paris, or virtually via TEAMS.

Your Annual Conference registration will include registration to our AGM. However, if you would like to register for the AGM only, please click [here](#).

Sponsorship and Exhibiting

Have you thought about sponsoring or exhibiting? Our conference provides a direct marketing channel to commercial and technical leaders from the whole gas processing value chain.

Both our Sponsorship and Exhibition packages include discounted conference passes, prices can be found within our [Sponsorship Brochure](#).

With thanks to our Sponsors:

We have space for our member companies to exhibit. Your stand will be located in a central area for two days, where all delegates converge. Tuesday evening is our Exhibition Event with snacks and drinks for delegates and TechnipEnergies employees.

Get the latest event developments – connect with us on [LinkedIn](#), follow us on [Twitter](#) and join us on [Facebook](#).

[REGISTRATION OPEN: Annual Conference 2022](#)

Sponsorship and Exhibition Opportunities

We provide a direct marketing channel to Directors and Process Engineers within the natural Gas Processing Industry.

We have multiple sponsorship opportunities at our events, as well as advertising within In Brief and our Newsletter - [contact us](#) for more information.
