

Gas Processors
Association Europe

Call for Papers

Autumn Conference & AGM 2019

13 – 14 November | Macdonald Berystede Hotel & Spa, Ascot, London

Leading the Way

Our mission is broad: To provide a forum to promote the European gas processing industry

We seek papers, both technical and commercial, that support our mission and speakers who are keen to deliver them.

Our conference is where leaders and innovators meet to share, inspire and network. We're proud to host some of the most well-known and influential voices in the field. Be part of this year's schedule!

We are now seeking papers and presentations to be offered for the meeting.

We will include papers on any technical subjects affecting Natural Gas processing. Papers could include case histories and operating experience as well as new concepts and technologies.

The main Technical Meeting will be held on Wednesday 13 and Thursday 14 November.

All speakers will receive a discount off their place at the conference of £ 400 / € 460.

All speakers are within the chance of winning our **John Sheffield Award** for the best paper. The John Sheffield Award is selected by our conference attendees and is based on the feedback scores received. Alongside the award, the winner will get the opportunity to present their paper at the GPA Midstream Convention in April of the following year.

Are you a Young Professional interested in Speaking? You could be within the chance to win our **Aungier Award**. The Aungier Award is for the best paper presented by one of our Young Professionals at our conferences. The winner is decided by our Technical Committee. Alongside the award, the winner will get £1,000.
